

LINER LUSITANIA SAILS WITH MANY AMERICANS

Assistant Secretary of War Breckenridge and Other Army Officers Leave for America.

THEIR WORK OF RESCUE ENDS

Members Spent Busy Time and Had Interesting Experiences, but Glad to Be on Way Home—Some Notables Remain in London.

(Special Cable to The Times-Dispatch.) LONDON, October 3.—The liner Lusitania sailed to-day with a large complement of notables, including Assistant Secretary of War Breckenridge and the army officers who came over with him from the Tennessee to rescue stranded Americans.

Breckenridge confessed that while he had a very busy time, all in all it had not been some interesting experiences. Every one is glad to be on the way to the land of the free, where daily baseball scores promise much more exciting reading than the dribbles of censored war news printed here.

In the Breckenridge party were Colonel Hamilton and Henry, Majors D. W. Ketchum, C. A. Hedeckin and J. A. Ryan, Captains M. A. Cross, G. Sevelier, E. D. Martindale, W. K. Hamilton, C. L. Fenton, W. M. Colvin and L. G. Brenton and Lieutenant F. M. Phillips, Jr.

Miss Sarah Cooper Hewitt and her sister, Miss Eleanor G. Hewitt, who is aboard the Lusitania, returned recently from Italy.

Jerome K. Jerome, the novelist, hugged a dark corner in his compartment, and refused to talk about the new play which he is going to launch.

Mrs. J. P. Fargue and her daughter, who fled Paris when the Germans started their march on the French capital, think New York is the best place these days.

Bishop Rhinelander, of Pennsylvania, is also hurrying home.

Other notables aboard the Lusitania are: Mrs. Lissant Beardmore, Harold Begbie, the poet, Mrs. William L. Bull, S. Childs and family, Mrs. Henry Clews, W. C. Eustis and family, Miss Elizabeth Frick, Dr. L. L. Garrigue, George S. Graham and family, Mrs. S. B. Juggenheim and family, Judge Howrey, Dr. Charles W. L. Johnson, John W. Kohlman and daughters, Mrs. F. Orr Lewis, Mrs. C. H. Mellon and daughters, J. G. Milburn and family, Mrs. Levi P. Morton, Mrs. V. Henry Rothschild, Dr. J. M. Stevens, Dr. J. S. Stewart and family, Dr. J. J. Suckert, J. J. Townsend and family, Rev. W. H. Van Allen, Storrs Wells and family, Dr. J. B. Wilson and family, George Cornwallis West, better known as Mrs. Pat Campbell, the actress.

There are still some notable Americans remaining in London. For instance, Mr. and Mrs. Perry Belmont are quartered at the Ritz indefinitely; so also are Mr. and Mrs. John Drexler, Mr. and Mrs. Hamilton Fish, and Jesse Lewisohn. George T. Marry, newly appointed American ambassador to Russia, also recently arrived at the Ritz with Mrs. Marry. They will remain in London until better means of travel permit them to proceed to Petrograd.

Mrs. William Godard and Mrs. Charles Berwind have returned to Claridge's, before sailing for New York.

Ex-Senator W. A. Clark has gone to Paris, hoping to see something of the war.

Mr. and Mrs. W. A. Haskell, have arrived at the Victoria Hotel from Boston, and Mr. and Mrs. W. R. Grace and Mr. and Mrs. J. T. McGraw are staying at the Berkeley Hotel.

WAR IS COSTING FRANCE

SUM OF \$7,000,000 A DAY

Minister of Finance Announces Outlay of \$420,000,000 for First Sixty Days of Conflict.

PARIS, October 3 (6:10 P. M.).—The war is costing France \$7,000,000 a day. Minister of Finance Alexandre Ribot announced to-day that the outlay for the first sixty days of the conflict had been \$420,000,000.

In a Temps interview, M. Ribot says the Bank of France on October 1 had \$812,400,000 in cash, which was \$63,800,000 more than it had on the eve of the war.

"Advances made to the government on October 1 after two months of the war reached \$420,000,000," the Minister of Finance said. "The total advances on the same date in the Treasury was \$53,200,000, and, therefore, we are far from having exhausted the amount provided by our convention with the bank. Besides, we have just renewed the convention to assure the reserves necessary in case the war should be prolonged beyond this date now foreseen."

"I am far from having exhausted my reserves, and when the hour comes she will find the money for a new loan, which at present is unnecessary."

Discussing the projected reopening of the Paris Bourse, M. Ribot said: "I think there is an interest in doing so without delay, but it is necessary to take into consideration that the exchanges in London and New York still remain closed. There is no hurry, anywhere to give too great facilities for the negotiation of foreign securities in the fear of seeing money go abroad, and if the Bourse reopened we would have to take precautions in this direction."

"Above all, have confidence and preach confidence. We have the best reasons for being optimistic, and if optimism is a virtue in times of great crises we have not much difficulty in practicing it at this time."

COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way is to Dissolve It.

The only sure way to get rid of dandruff is to dissolve it. Then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this to-night, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for dandruff is the cause of hair loss. It not only starves the hair, but makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and every one notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

GOOD WORK ACCOMPLISHED BY NAVAL AIR SERVICE

Bombs Dropped on Positions of Military Importance and Along Lines of Communication.

AEROPLANES PATROL COAST

Reconnaissance Extend for Considerable Distances Into Enemy's Country—Propeller Blade Repaired While 2,000 Feet in Air.

(Special Cable to The Times-Dispatch.) LONDON, October 3.—The Official Press Bureau of the Admiralty last night issued a statement covering the work of the Royal Naval Air Service with the expeditionary force in France. It says:

"Advanced bases have been established some distance inland, and on several occasions skirmishes have occurred between the armed motor car support of the aeroplane bases and soldiers of the enemy. The latter have terminated successfully our forces, with considerable loss to the enemy in killed and captured."

"The naval armed cars and aeroplanes assisted the French forces of artillery and infantry on several occasions, and during the course of these actions five officers and men of the air service of the Royal Marines and the Royal Naval Volunteer Reserve have been reported wounded."

"The air reconnaissance by the naval air men extended for considerable distances into the enemy's country. A detached squadron of aeroplanes has crossed the Rhine and made an attack on Dusseldorf."

"It has been previously reported that good work has been accomplished in the dropping of bombs on positions of military importance and along lines of railway communication."

"While the expeditionary forces were being moved abroad a strong patrol to the eastward of the Straits of Dover was undertaken by both aeroplanes and airships. The airships remain steadily patrolling between the French and English coasts sometimes for a period of twelve hours."

"At further east, with the assistance of the Belgian authorities, a temporary

sea plane base was established at Ostend. A patrol was maintained with English coast. By this means it was impossible for the enemy's ships to approach the straits without being seen many miles away.

"On one occasion, during the airship patrol, it was necessary to change a propeller blade. Two of the men volunteered to carry out the difficult task. In the air they climbed out of the bracket carrying the propeller shafting. They completed the hazardous work, changing the propeller's blade 2,000 feet above the sea."

"On the 27th of August, when Ostend was occupied by a force of marines, a strong squadron of aeroplanes, under Wing Commander Samson, complete with transport equipment, was sent over the aeroplanes flying by way of being accomplished by the aeroplanes, supported by armed motors."

HEARING IS POSTPONED

Delay in Extraordinary Motion of New Trial of Mrs. Godbee.

AUGUSTA, Ga., October 3.—Judge Henry C. Hammond postponed the hearing of the extraordinary motion for a new trial in the case of Mrs. Edna Perkins Godbee, to-day. Mrs. Godbee's counsel presented affidavits to the ef-

fect that one juror had expressed an opinion before the trial of Mrs. Godbee for the murder of her former husband and his wife. The State presented counter affidavits denying the allegation. Mrs. Godbee's attorney then asked for more time to answer the State's affidavits, and the hearing was postponed.

year's imprisonment as an accessory after the killing.

YOUTHFUL, BEAUTIFUL SKIN EASY TO HAVE

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spots by external means. Ordinary mercerized soap will do this. It will actually absorb the weather-beaten film-skin, a little each day. In a week or two you'll have a brand new complexion, a new skin. The exquisitely beautiful and youthful complexion thus acquired, comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Get an ounce of mercerized soap at any drug store, apply nightly like cold cream, washing it off mornings. This will not harm in any case.

To quickly remove wrinkles, signs of care and age, bathe the face occasionally in a solution of powdered ascorbic acid, 1 oz. dissolved in 1/2 pt. witch hazel. The results will surprise you.—Advertisement.
